**Re: Christmas Tree
Fund Raiser**

At Lucas Farms, we take pre-orders to give us an idea how many trees to cut. This way we are not cutting a lot of excess trees off our farm.

The deadline for pre-orders is November 1, 2012.

Our fundraising option is very easy!

Enclosed you will find our order form and a reimbursement sheet. The reimbursement sheet explains how much money your organization will make per each item sold. On the bottom of the order form, there is a line to write the name of your organization to make sure you get the credit for the reimbursement. The order forms can be emailed, mailed, or faxed to us **before November 1**. We collect payment from the customers and at the end of the season your organization will receive a check for the total reimbursement.

The Christmas trees will be cut November 10-14 and will be delivered to Vero Beach November 18. Beginning Monday, November 19th the trees will be on display and ready for pick-up at our tent located at Vatlant Honda 700 US Highway 1.

We also offer delivery and set-up service ~ it's an option on the order form.

We look forward to helping with your fundraising efforts!

Paul L. Lucas
Rebecca Lucas Everett
